

Proposition 65

Changes to California's Proposition 65 went into effect at the end of August 2018. Because of the new guidelines, warnings of the possible presence of certain chemicals and other potentially harmful substances, have been posted on furnishings and other goods available for purchase in California. The products now displaying these Prop 65 notices range from Coffee and other food products, to furniture, clothing, fuels, and many other varied and diverse products.

Design Mart is committed to full compliance of the new rulings, but we ask your assistance in doing so. We have endeavored to faithfully and properly interpret the new rulings as it applies to Design Mart, and to implement the required notices and signage. However, if at any time, you feel we have not fully explained or informed you under the Prop 65 guidelines, or that these warnings are not posted broadly enough, please contact Design Mart and we will work to address your concerns promptly.

Some of the changes that we have made, in an effort to fully endorse these new Proposition 65 guidelines, include:

1. Signage and notifications posted within the Design Mart Showroom
2. Notices on formal customer documents including Quotes, Sales Orders and Invoices
3. Compliance with individual Manufacturer's policies regarding furniture tags and notices on furniture items subject to the new rulings

More information on Proposition 65 is available at: www.p65warnings.ca.gov/furniture.
